

Effective: 1 August 2014

Keysight Technologies Counterfeit Electronic Components Prevention Policy

Keysight Technologies, Inc. is committed to preventing the introduction of counterfeit electronic components into our products. To achieve this we will:

1. Use only electronic components that are manufactured by or for the original component manufacturers.
2. Inform our suppliers of this policy and hold suppliers accountable for compliance.
3. Maintain appropriate processes and provide ongoing training to Keysight employees to assure electronic component authenticity.
4. Investigate all incidents of suspected counterfeit electronic components reported to Keysight's supply chain management.
5. Maintain appropriate processes to isolate, quarantine and remove counterfeit electronic components from Keysight's supply chain, and make appropriate disclosures to the proper authorities.

This policy applies to all of Keysight's manufacturing, service and repair areas.
